CU 2345 / CUK 2345 catalogue comparison

Version 2026-11-04 | For training and purchasing reviews

Dimensions are manufacturer catalogue values, not HDASHER measurements, manufacturing tolerances, performance comparisons or fitment approvals. Shared digits do not establish interchangeability.

Catalogue field	CU 2345	CUK 2345
Media category	Particulate	Activated carbon
Length A / mm	222	221
Width B / mm	200	201
Height H / mm	30	30

How to use this resource

Keep the full reference on the quotation. Similar dimensions still require application, frame, seal and installation checks. Neither part has been sample-tested for this worksheet.

This is a verification method, not a test certificate or an approved parts cross-reference.

Verification record

Complete from actual checks. Leave unsupported fields pending verification.

Field	Record / unresolved question
Full reference and catalogue access date	
Catalogue URL and vehicle / market / year	
OE cross-reference and source (not automatic equivalence)	
Dimension axes, frame, perimeter seal and drawing revision	
Sample ID, measurement method and measured values	
Report sample, method, airflow and loading conditions	
Conclusion: pending / confirmed scope / reviewer / date	

Citation and reuse

The HDASHER-authored checklist text and tables may be reproduced with this title, HDASHER credit, version date, page URL and limitations intact. Third-party photographs, trademarks, manuals and test reports are excluded. No brand endorsement is implied.
